Material Safety Data Sheet

OAT-A-COAT™ PET SHAMPOO

Revision Date: 03/01/2007

1. PRODUCT AND COMPANY IDENTIFICATION

Product Name: **OAT-A-COAT™ PET SHAMPOO**
 Product Description: Professional Strength Pet Shampoo Concentrate with Colloidal Oatmeal

Indamira Pets, LLC
 2409-52nd Street
 Kenosha, WI 53140 USA
 Tel: (262) 653-1031/ Fax: (262) 653-9182
 E-mail: support@indamirapets.com

2. COMPOSITION / INFORMATION ON INGREDIENTS

Ingredients:	CAS #	WT. %	PEL
Water, Soft	007732185	Proprietary	Not Determined
Other Ingredients	Mixture	Proprietary	Not Determined

OAT-A-COAT™ contains no hazardous ingredients at levels reportable per OSHA Hazard Communication Standard 29 CFR 1900.1200. This shampoo contains the following ingredients: soft water, colloidal oatmeal, allantoin, sugar-based surfactants, quaternized milk protein hydrolysate, propylene glycol, ammonium laureth sulfate, food-grade preservatives, fragrance. This list does not represent the entire scope of ingredients present.

3. HAZARDS IDENTIFICATION

Primary Routes of Entry: Absorption through skin. Contact with eyes.

Potential Health Effects:

Eye: Direct contact with concentrated product may cause temporary irritation. Diluted product is expected to have a significantly reduced eye irritation potential.

Skin: Skin contact with concentrated or diluted product is not expected to cause irritation to most people or animals. As with any shampoo, the potential for some individuals and animals to demonstrate hypersensitivity or develop contact dermatitis with prolonged exposure exists.

Ingestion: Effects of ingestion are unknown. Avoid ingesting product at all times.

Inhalation: Effects of inhalation over-exposure are unknown. Not expected to be an inhalation hazard under normal conditions of usage. Do not concentrate and inhale (abuse) fragrance vapors from this product.

4. FIRST AID MEASURES

Eyes: Immediately flush eyes with a directed stream of water for at least 15 minutes while forcibly holding eyelids apart to ensure complete irrigation of all eye and lid tissue. Get immediate medical attention if irritation persists.

Skin: Flush skin with water. Seek medical attention if persistent irritation develops or rash occurs. Discontinue use if you or the animal develop a hypersensitivity to this product.

Ingestion: Get immediate medical attention. Do not induce vomiting except by physician's order. If spontaneous vomiting is inevitable, prevent aspiration by keeping victim's head below the knees. Never give anything by mouth to an unconscious person.

Inhalation: Remove to fresh air. No inhalation effects are expected; however, if breathing is difficult, have trained person administer oxygen. If respiration stops, have trained person administer mouth-to-mouth resuscitation. Get medical attention immediately.

5. FIRE FIGHTING MEASURES

Flammable Properties:	Flash point, PMCC: > 200° F > 93° C
	Autoignition Temperature: Not Known
	Flammability Class: Not Known
	Explosive Limits (%): Not Known
Hazardous Combustion Products:	Combustion products could include fumes, smoke, and carbon monoxide.
Extinguishing Media:	Dry chemical, carbon dioxide, and foam.
Fire Fighting Instructions:	Use water spray only to cool containers exposed to flames. Do not enter enclosed or confined workspaces without proper protective equipment. Fire fighting personnel should wear respiratory protection if necessary.
Unusual Fire/Explosion Hazards:	None Known.

6. ACCIDENTAL RELEASE MEASURES

Build dike to contain flow. Remove free liquid. Contain spill and keep from entering waterways or sewers. Use personal protective equipment. Absorb on inert material. Shovel, sweep, or vacuum spill and place in closed container for disposal according to local, state, and federal regulations.

7. HANDLING AND STORAGE

Storage Conditions:	Store this product in a cool, dry, well-ventilated area away from direct sources of heat, sparks, flame, hot surfaces, and oxidizers. Preferentially store this product below 90° F.
General Precautions:	Keep container tightly closed when handling or storing.
Special Precautions:	None Known.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Personal Protective Equipment for Routine Handling and Spills

Gloves:	Product is not expected to pose a skin contact hazard. However, sensitized individuals should wear latex, neoprene rubber or other chemical resistant gloves for protection.
Safety Glasses:	Goggles or safety glasses with side shields are recommended if usage environment is prone to splashing. Have suitable eye water wash available.
Suitable Respirator:	No respiratory protection should be needed.
Precautionary Measures:	Avoid eye contact. Use reasonable care.
Component Exposure Limits:	There are no components at reportable levels with workspace exposure limits.
Local Ventilation:	None should be needed.
General Ventilation:	Recommended.

9. PHYSICAL AND CHEMICAL PROPERTIES

Pure Substance or Mixture:	Mixture	Solubility in Water:	Soluble
Physical Form:	Liquid	Viscosity:	1500 – 6500 cP
Color:	Opaque Tan	Bulk Density @ 25 °C:	8.60 lb/gal
Odor:	Caramel	Evaporation Rate:	Not Determined
pH (neat @ 25 °C):	4.25 – 6.25	Vapor Pressure:	Not Determined
Oxidizing Properties:	Not Applicable	Vapor Density (Air = 1):	Not Determined
Boiling Point:	Not Determined	Volatile Organic %:	Negligible
Melting/Freezing Point:	~ 32 °F (0° C)	Flash Point:	> 200 °F (93° C)

The physical data presented here are approximations, and the actual values may vary slightly.

10. STABILITY AND REACTIVITY

Stability:	Stable under normal conditions. Prolonged storage at elevated temperatures will negatively affect product stability. Product may separate with time.
Hazardous Polymerization:	Hazardous polymerization should not occur.
Materials to Avoid:	Strong oxidizing materials.
Conditions to Avoid:	See Section 7.
Hazardous Decomposition Products:	Not Known.

	Health	Fire	Reactivity	Special
HMIS:	0	0	0	N/A
NFPA:	0	0	0	N/A

Note: HMIS and NFPA ratings involve data and interpretations that may vary from company to company. They are intended only for rapid, general identification of the magnitude of the specific hazard. To deal adequately with the safe handling of this material, all the information in this MSDS must be considered.

NFPA = National Fire Protection Association
HMIS = Hazardous Material Information System

11. TRANSPORTATION INFORMATION

DOT Road Shipment Information (49 CFR 172.101)

DOT Proper Shipping Name:	Cleaning Compound; NOI; Liquid; 48580 Sub 3; Class 55 LTL
DOT Technical Name:	Not Applicable
DOT Primary Hazard Class:	Not Applicable
DOT Secondary Hazard Class:	Not Applicable
DOT Label Required:	Not Required
DOT Placard Required:	Not Required
DOT Poison Constituent:	Not Applicable
Bill of Lading Description:	Not Regulated By The Department Of Transportation
UN/NA CODE:	No Data

Ocean Shipment (IMDG)

Call Indamira Pets, LLC (262) 653-1031, if additional information is required.

Air Shipment (IATA)

Call Indamira Pets, LLC (262) 653-1031, if additional information is required.

12. REGULATORY INFORMATION

Contents of this MSDS comply with OSHA Hazard Communication Standard 29 CFR 1910.1200.

TSCA Status: All chemical substances in this material are included on or exempted from listings on the TSCA Inventory of Chemical Substances.

EPA SARA Title III Chemical Listings

Section 302 Extremely Hazardous Substances: None

Section 304 CERCLA Hazardous Substances: None

Section 312 Hazard Class:

Acute: No
Chronic: No
Fire: No
Pressure: No
Reactive: No

Section 313 Toxic Chemicals: None

13. DISCLAIMER OF EXPRESSED AND IMPLIED WARRANTIES

Disclaimer: This material safety data sheet (MSDS) was prepared in accordance with 29 CFR 1910.1200. The information contained herein is based upon data available to us and reflects our best professional judgment. However, no warranty is expressed or implied regarding the accuracy of such information or the results obtained from the use thereof. We assume no legal responsibility whatsoever for any damage resulting from reliance upon this information since it is being furnished upon the condition that the person receiving it shall make his or her own determination of the suitability of the material described herein for a particular application, storage, or disposal situation.

Limited Warranty – Please Read Carefully

Indamira Pets, LLC's sole warranty is that the shampoos, as supplied at the time of shipment, and when properly diluted and used as directed on the bottle label, are safe for use on the majority of healthy dogs, cats and horses over the age of six weeks. All shampoos are sold "as is." Discontinue use if you or the pet show sensitivity to the product. All other warranties, either express or implied, are disclaimed by Indamira Pets, LLC, including the warranties of merchantability and of fitness for use. Indamira Pets, LLC's sole liability and your sole recoupment is limited to refund of the purchase price or replacement of any shampoo explicitly shown to be other than as warranted. Indamira Pets, LLC disclaims any liability for any incidental or consequential damages resulting from the use of this product, or the inability to hygienically use, transfer, dilute or properly store this product.
